

Sustainable Business Hub

WHO WE ARE

Sustainable Business Hub is a Triple Helix cluster for sustainability and cleantech located in Malmö, Sweden. The members are cleantech companies, regional and local authorities, utilities, universities and research institutes. Our mission at Sustainable Business Hub is to offer our members a platform where innovation, development and business opportunities for sustainable solutions can be implemented.

OUR STRENGTHS

- Energy Efficiency
- Wastewater Treatment
- Waste Management
- System Air Solutions
- Eco-system services & Green infrastructure
- Sustainable Urban Development

WHAT WE DO

- We offer two unique testbeds where companies providing waste management products and open storm water management solutions can test their new technologies.
- We focus on building value chains of energy efficiency, air cleaning and biodiversity.
- We match-make our members both domestically and internationally through our large network.
- We tailor-make study visits at Swedish cleantech companies/organizations for international delegations according to their specific requirements.
- We focus on international collaborations with other cleantech clusters.

THINKING OF FINDING BUSINESS PARTNERS IN SWEDEN?

- Contact us! We are owned by our members: cleantech companies, cities and local/regional authorities and academic institutions. We are always interested in serving people with products, processes, solutions and ideas that can contribute to a sustainable society and a cleaner planet.

YES, I WANT A NEW STAMP ON MY ICN PASSPORT!

I'll use Sustainable Business Hub's offices, attend their activities as a member and meet their key business contacts!

If you are interested in exploring partnering opportunities and would like to engage with Sustainable Business Hub through the ICN Passport service, please contact the ICN Secretariat.
